

Drama workshop

Below is a short piece that we will use to assess candidates for the Drama element of the workshops. This is undertaken by all candidates, whether they are auditioning for Music or Drama and will take place at the end of their audition.

Candidates need to memorise both parts. Instructions will be given to candidates at the start. They will be asked to think about the way they deliver the lines in terms of the skills listed below related to volume/tone/facial expression/gestures.

Hi

Hello

Where are you going, anywhere nice?

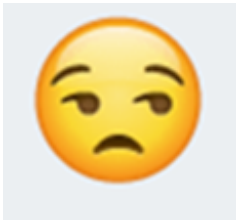

Business trip. What about you?

I'm going to see family.

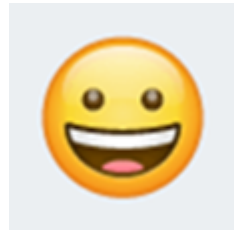

Hope we can get going soon.

I know, don't want to be late
